## WITTE MAY RETIRE.

His Health Is Said to Be in Very Bad Shape.

St. Petersburg, March 20.—In high circles late last night the rumor was current that Count Witte had definitely decided to retire from the premiership. From an absolutely authentic source, however, it can be stated that Count Witte, at a session of the council of the empire yesterday afternoon made an enigmatical statement which is interpreted by many members of the council as a virtual declaration that his career as premier is ended and that he will be succeeded by Privy Councillor Kokovsov, former minister of finance.

On what is apparently reliable authority, it is stated that the condition of Count Witte's health is unsatisfactory. He is said to have experienced a rather alarming attack of heart trouble a few days ago. His physician advised him some time since to give up work. It is known that Count Witte, believing that he had weathered the political storm, formed a determination to relinquish the premiership upon the meeting of the national assembly. Recently, however, the strength of the reactionary forces increased and the premier was obliged to keep up the fight against very heavy odds. It may be that his endurance thus was exhausted, and that, feeling that his health was declining, he has reached the decision to retire immediately.

## HAS EARNED HIS TRIP.

Rutland Boy Will Appreciate Visit to Washington.

Rutland, March 20.—Few of the local high school pupils who go to Washington, D. C., on the teachers' and scholars' excursion during the spring vacation will appreciate this trip more than definitely P. Shaw, son of Manager Tully D. Shaw of the Western Union Telegraph office in this city, who will pay all his expenses with money earned selling the Saturday Evening Post. Young Shaw, who is popularly known among his schoolmates as "Red," has had a desire for a long time to see the national capital and being an ambitious lad he set out to pay his own expenses. He saved his pennies carefully, and now that the railroads offer reduced rates, and many of his friends will accompany him, he has decided to take the long wished-for trip.

"Red" Shaw is 15 years old and is a member of the first year class in the high school.

## BREAD FACTS.

Remember that in selling you CREAM BREAD three loaves for twenty-five cents, we do not reduce the quantity or quality of the loaf. You are getting the same real value, only more so.

We are buying Flour today nearly \$2.00 per barrel less than a year ago. We are simply following our practice of giving our customers the benefit of a low market instead of putting the extra profit in our pockets.

Our flour is bought for cash in car lots direct from the mill, a large saving over buying a few barrels at a time. Then the large amount we are making helps to reduce the cost per loaf.

In fact we are getting the best Bread today that we have ever made and are selling it at three loaves for twenty-five cents.
